

Raves

"Call upon Danny Orleans, master of the now-you-see it, now-you-don't trade. He gears his act to the age of his audience ...and don't take your eyes off him."
Chicago Sun-Times

"The fact that we've requested Danny Orleans' show for 10 consecutive years is a testament to how appropriate his show is for our Kindergarteners. His abilities to hold their attention are as magical as his personality."

*Luz Alvino, Principal
Hawthorne Kindergarten School
Vernon Hills, IL*

"The 13 and 14 year old students not only had a good time, but learned about perception as well. Even the parents and teachers were bewildered with your mind reading abilities! Was that real?"

*Susie Hoffman, Chairperson,
Fine Arts Day
Deer Path Middle School, Lake Forest*

Our principal said "It was the best magic show I've ever seen!" It was exactly what I had hoped for: Fun, information-filled and you kept the audience involved."

*Nancy Catrombone, Program Coordinator
Ames School, Riverside, IL*

Thank you for the outstanding assembly. "Feel the Magic" was just perfect for K-3. It kept everyone on the edge of their seats!

*Kathy Hayes, Assistant Principal
Glen Hill School, Glendale Heights, IL*

Counselors and campers at all five locations *raved* about your performances and workshops. You're the best magician we've ever had!

*Beth Miller, Program Coordinator
Chicago area JCC Camps*

Danny Orleans brings magic to thousands of children every year!

Copyright 2006 Corporate Magic, Ltd.

Great Educational Entertainment

A sea of smiling faces tells the story – these students are having a wonderful time! It's easy to see why the educational magic of Danny Orleans is included in hundreds of school cultural arts programs across the country every year.

Three different programs for school audiences!

Grades K - 3 – Feel the Magic

The senses of sight, sound, touch, taste and smell are highlighted through memorable magical moments. Children realize firsthand how their senses function, and sometimes mis-function, as they experience their environment and themselves. A fun-filled show with audience participation, humor and learning.

Grades 4 - 6 – The Hand is Quicker...

A fascinating presentation on the principles of misdirection – magic tricks are demonstrated, revealed and performed again, still leaving audiences baffled. This show teaches a greater awareness of the world by expanding the viewers' own perceptive abilities.

Grades 7 - 12 Perception Plus!

This backstage view of how magic and minds work challenges students by dramatizing the psychology of perception. Mr. Orleans leads them beyond everyday events with mind reading and memory experiments, leaving his audiences pondering where fantasy ends and reality begins.

Danny Orleans is Professional

A former elementary school teacher with a degree in education from Northwestern University, Mr. Orleans has toured the country performing magic in schools, theaters and children's museums. He has published a Teachers' Guide, "Magic in the Classroom," (available upon request) and has written 10 books for children on mastering the art of magic. This series, titled "Ultimate Magic Club," was published by Scholastic, Inc.

Danny Orleans brings the skills of magician, actor and educator to your school. He leaves behind the laughter and learning long remembered by students and teachers.
